

QUAKER LANE PHOTOGRAPH POLICY

2021-2022

This policy and waiver concern the photographing of our students on school grounds, as well as use of the photographs. The photographs taken on school grounds demonstrate the work and accomplishments of our students and the work of Quaker Lane Cooperative Nursery School. These photographs may be posted in our classrooms and on our website. From time to time, we may also use these photographs for purposes of media or press releases. In addition, Quaker Lane has a tradition of compiling a yearbook of these photographs and those taken by teachers and parent volunteers. Finally, in the privacy interests of our students and families, we ask that you refrain from posting any photographs of any children other than your own, taken on school grounds, on any social networking websites.

Thank you for your consideration and cooperation.
